Travelling Ted Program

Parents and Caregivers,

The children in KM will have the opportunity to participate in our class “Travelling Ted Program”. This program is designed to develop responsibility and co-operation, as part of KM’s speaking and listening program. It will also create opportunities for modelled and independent writing.

Travelling Ted is a program where the children are able to take a class teddy home for a night or a weekend. KM has adopted two teddies named Harry and Holly. When it is your child’s turn to take the teddy home they will do the following:

- Bring Harry or Holly home with a bag of clothes for a night or a weekend.
- Involve the teddy in family activities such as homework time, bedtime stories, soccer training, visiting relatives, going to the park.
- Write a couple of sentences about the teddy’s adventures in the journal, parents can write this.
- Take a photo of your child doing an activity with the teddy and bring it to school for the class book. This is an optional activity.
- Return the teddy on the next school day.
- Your child will tell the class about their adventures together.
- As a whole class we will write a sentence about the adventure and add your child’s photo.
- The teddies and clothes will be washed frequently; however please do not let your child sleep with them. Make a little bed on the floor for them.

Mrs. M. Webb                                                          Mrs. Milne
Principal                                                          Assistant Principal
Doc 16-009

Please detach and return to your class teacher

Travelling Ted Program

I give permission for my child to participate in the “Travelling Ted Program”. My child is aware of the responsibilities they have when taking Harry or Holly home.
